

## **Please observe our Trick or Treating Safety instructions!**

On post trick or treating will be on Monday, Oct. 31, 6:00 - 8:00 p.m.

Houses planning to participate should leave their porch lights turned on so children will know which houses to approach

All children under the age of 12 should be supervised and escorted by an adult or older youth.

Consider common food allergies when choosing treats to hand out.

Plan ahead all intended routes for trick-or-treating, and establish a return time.

Instruct children to only stop at houses that have lights on, and to never enter any home or dwelling.

Instruct children not to eat any treats until they can be inspected by an adult.

Use only fire retardant costumes. Costumes should not be long and bulky to avoid a tripping hazard.

Costumes should be made of light colored material and worn with retro-reflective tape or other illuminated items.

Any knives, swords or other weapons should be made of cardboard or other flexible material. Do not allow children to carry sharp objects.

Instruct children to walk from house to house on sidewalks only and not on the street.
