The system works through a client on your computer as well as phone calls, text messages, e-mail, iOS and Android system Mobile Notifier App (Free)

For the system to operate accurately you need to complete some user data fields. This process should not take more than 5 min.

- 1) Launch the application using the Purple Globe in your system tray and “Access Self Service”.
- 2) Complete the blocks required by the system. Look at the following screen shots for more detailed information.
- 3) If you are interested in downloading and using the free App, download it to your iOS or Android device and follow the registration instructions.

This is the new “Self Service Screen”

From the Inbox you can see all messages sent to you or you can click on “My Profile” and then on “Edit”

This information should self populate when you first log into the MWN system from your CAC.

Select your hierarchy by clicking on the "/" then navigate you your unit
